**Contract / Tendering Expert:****Experience in Tender Documentation & Contract Administration Works: (Max:2 Marks)**

| No. of Projects | Marks |
|-----------------|-------|
| 8–10 years      | 1     |
| Above 10 years  | 2     |

**3.9.2.1 Recommended Marks for Experience of the Firm in Similar Works:**

| Criteria                             | Marks |
|--------------------------------------|-------|
| 3 or more similar projects completed | 35    |
| 2 similar projects completed         | 25    |
| 1 similar project completed          | 15    |

**3.9.2.2 Recommended Marks for Methodology, Approach and Work Plan:**

The bidder shall submit a detailed methodology covering:

- Understanding of the project
- Approach for DPR preparation
- Survey and investigation plan
- Project planning and scheduling
- Strategy for tendering and implementation support

Marks shall be awarded as follows:

| <b>Evaluation</b>                    | <b>Marks</b> |
|--------------------------------------|--------------|
| Excellent and comprehensive approach | 20           |
| Very Good approach                   | 15           |
| Good approach                        | 10           |
| Average approach                     | 5            |
| Poor / inadequate approach           | 2            |

**Minimum Qualifying Marks:**

Bidders scoring **less than 70 marks** in Technical Evaluation shall be **disqualified**, and their Financial Bids shall not be opened.

**3.9.3 Financial Evaluation of Bids:**

Financial Bids of only technically qualified bidders shall be opened.

Financial score shall be calculated using the formula:

$$\text{Financial Score (Sf)} = (\text{Lowest Financial Bid} / \text{Bidder's Financial Bid}) \times 100$$

Where:

- Lowest Financial Bid = L1 quoted price among qualified bidders.

**3.9.4 Final QCBS Evaluation (Combined Score):**

Final selection shall be based on **combined technical and financial score**.

Generally used ratio for consultancy services:

**Technical Weightage: 70%**

**Financial Weightage : 30%**

Combined score formula:

$$\text{Final Score (S)} = (\text{St} \times 0.70) + (\text{Sf} \times 0.30)$$

Where:

- St = Technical Score
- Sf = Financial Score

The bidder obtaining the **highest final score** shall be ranked **H1** and will be considered for award of contract.

In case of a tie in the final scores, the bidder securing higher technical score among the tied bidders shall be ranked as H1.

**3.9.5 Process to be Confidential**

Information relating to the examination, clarification, evaluation and comparison of bids and recommendations for the award of a Contract shall not be disclosed to bidders or any other persons not officially concerned with such process until the award to the successful bidder has been announced.

---

### 3.9.6 Clarification of Bids

To assist in the examination and comparison of bids, the Employer may, at his discretion, ask any bidder for clarification of his bid, including breakdown of unit rates. The request for clarification and the response shall be in writing or by fax or by email but no change in the price or substance of the bid shall be sought, offered, or permitted except as required to conform the correction of arithmetic errors discovered by the employer in the evaluation of bids in accordance with clause subject to sub clause, no bidder shall contact the employer on any matter relating to his bid from the time of the bid opening to the time contract is awarded. If the bidder wishes to bring additional information to the notice of the employer, he should do so in writing. Any effort by a bidder to influence the Employer's bid evaluation, bid comparison or contract award decisions may result in the rejection of his bid.

### 3.9.7 Examination of Bids and Determination of Responsiveness

Prior to detailed evaluation of Bids, the Employer will determine whether each bid (a) meets the eligibility criteria defined in clause 1.2 (b).has been properly signed by an authorized signatory (accredited representative) holding power of attorney in his favour. The power of attorney shall interalia include a provision to bind the bidder to settlement of disputes clause; (c) is accompanied by the required Bid Security / EMD and; (d) is responsive to the requirements of the bidding documents.

A substantially responsive technical and financial bid is one which conforms to all terms, conditions and specification of the bidding documents, without material deviation or reservation. A material deviation or reservation is one (a) which affects in any substantial way the scope, quality or performance of the works; (b) which limits in any substantial way, the employers rights or the bidders obligations under the contract; or (c) whose rectification would affect unfairly the competitive position of other bidders presenting responsive bids.

If a technical bid is not substantially responsive, it will be rejected by the employer and will not subsequently be made responsive by correction or with drawl of the non-conforming deviation or reservation.

---

**3.10. Seeking compliance from bidders after tender opening**

No clarification should be sought from the bidders, under any circumstances, once the bids are opened. However, with a view to widen competition, seeking confirmations from the bidders is allowed, on the issues where the bidder confirms compliance in the evaluation matrix and contradiction exists on the same issue due to lack of required supporting document in the bid (i.e document is deficient or missing) or due to some statement at other place of the bid (i.e reconfirmation of compliance) or vice versa. The bid refers to un-priced bid in the case of two cover system. The guiding principle in all the above situations is that the basic structure of the bid already submitted by the bidder should not be allowed to change after opening of bids.

**3.11 Correspondence with bidders by indentors / users**

All correspondence with the bidders must be done by tender processing group only. However, after award of contract, project manager has to interact with the consultant for execution of contract, provided the same does not result into modification of any condition of contract and does not involve any financial implications.

**3.12 AWARD OF WORK****3.12.1 Process for Award of work**

- a) The tender offers received shall be studied in detail along with system generated comparative statement of substantially responsive bids. A substantially responsive tender offer is one that conforms to all the terms, conditions and specifications included in tender documents, without material deviations or reservations. If any clarifications are required from the bidder, the request and the response shall be in writing but no change in the price or substance of the tender offer shall be permitted. The comparative statement is checked and signed by all the members of the Tender Committee (TC).
- b) The comparative statement shall be in such a way that the rates are in comparable position as per the terms of tender enquiry without accepting any special conditions

made by the parties. Variation, deviations, alternative offers and other factors which are in excess of the requirement of the tender documents or otherwise result in unsolicited benefits shall not be taken in to account in tender evaluation. However, appropriate adjustments may be considered for correction and errors (only arithmetical errors evident in the tender offers) and for acceptable variations, deviations, and discounts offered within tender requirements.

- c) Based on the comparative statement, H1, H2, H3.... Hn shall be determined.
- d) In the case of tender for pre-qualification bids, or technical bids, the comparative statements prepared shall show the position of the various parameters and commercial terms and the same shall be put up to TC for study and for recommendation. The recommendations of TC are put up to the Competent Authority for sanction. If, however, the terms and specification and other parameters are to be discussed with the parties, the TC shall do so before finalise their recommendations.

### **3.12.2 Guidelines for Award of work**

The TC shall also prepare evaluation report comprising following procedure for evaluation. The report will be prepared by the TC. This committee will follow the following procedures for evaluation:

- i. Evaluation will be done only on the basis of set criteria which will be clearly stated in the bid documents. No document presented by the bidder after the closing date and time of the bid will be taken into account TC, unless it is of a purely technical nature which has no bearing financially on the contract and which does not seek major changes in technical specification given in the bid documents.
- ii. If a bidder offers a rebate unilaterally after the closing date and time of the bid, it will not be taken into account for evaluating purpose by the Tender Committee but if that bidder emerges as the lowest tender the rebate offered will be taken into account by the TC. The Tender Committee's recommendations shall be submitted by the coordinating officer to the competent Authority for its consideration for seeking its approval.
- iii. The tender committee's report will be self contained, clear and unambiguous. The TC must verify the documents meticulously and bring out all the deviation, if any.

**3.12.3** While studying various bids and recommending or rejecting any party, the TC shall keep in mind that though the company is not bound to accept any offers, even though highest, at the same time the company must act in a reasonably bonafide way and not arbitrarily and the same should be on record. While studying the comparative statement and rates and conditions of the various parties, TC shall study the conditional offers also and make assessment of the various offers. The late offers received after opening of the tender shall not be opened and the same be returned. The delayed offers received by registered post after due date but posted before the due date may be considered for opening by TC subject to approval of competent authority.

**It is reiterated that in case H1 backs out, there should be a re-tender.**

- i). The recommendations of TC shall be signed by all of its constituents. Based on the TC recommendation the coordinating Officer concerned shall put up for the approval of Competent Authority.

### **3.14 Issue of Work Order:**

- 3.14.1 Work order shall be issued by the appropriate authority to the PARTY and copies thereof shall be endorsed to all concerned Department including finance Department. After receipt of confirmation and performance security form the successful party, the appropriate authority shall intimate the finance to refund EMD received from other parties whose offers have not been considered.
- 3.14.2 Since the validity of the offer by the parties is for a limited period i.e. 90 days, the coordinating officer shall pursue the matter to ensure that the work order is issued in time. In the event of any delay likely to take place in releasing of work order extension of time if any shall be obtained in time from the bidder by the coordinating officer.
- 3.14.3 Contract register shall be maintained by the coordinating officer, wherein each contract/work order issued shall be entered. The serial number of the register shall be the contract number. The register shall contain the S.No., date, particulars of works, amount, name of the party to whom issued, unit, schedule date of completion, actual date of completion, actual final bill amount, signature of the concerned officer. At project also a similar register shall be maintained. The site record shall be maintained by the executing authority.

**3.15 NOTIFICATION OF AWARD AND SIGNING OF AGREEMENT:**

The bidder whose bid has been accepted will be notified of the award by the Employer prior to expiration of the Bid validity period by cable, telex or facsimile confirmed by registered letter. This letter (hereinafter and in conditions of Contract called the —letter of Intent) will state the sum that the Employer will pay the Contractor in consideration of the execution, completion and maintenance of the works by the Contractor as prescribed by the Contract (hereinafter and in the Contract called the —Contract Price). The notification of award will constitute the formation of the Contract subject only to the furnishing of a performance security. The Agreement will incorporate all correspondence between the Employer and the successful Bidder. It will be signed by the representative of the Employer as per DOP and sent to the successful bidder.

3.16 KPL reserves the right to accept or reject any or all of the Tender-bids or to annul the tender process without assigning any reason whatsoever at any time prior to the acceptance of the tender without any liability for such action. KPL also reserves its rights at its discretion to amend the requirements and conditions as set out in this Tender-document. KPL may at its discretion cancel or withdraw this Tender Notification without assigning any reasons whatsoever.

**3.17 Within 14 days from the date of issue of work order/LoA, the successful bidder shall furnish a security deposit cum Performance Guarantee for a value of 10% of the total contract price in the form of Demand Draft/BG/Fixed Deposit Receipt (FDR) /Insurance surety bond. The Bank Guarantee should be issued by any Commercial Banks en-cashable at Chennai, for the due fulfillment of the contract. The security deposit cum Performance Guarantee should cover contract period plus 60 days. The security deposit cum Performance Guarantee will be released by KPL after successful completion of the contract period.**

**3.18 The Successful Tenderers shall enter into an agreement in the form as prescribed in tender, within a period of 14 days from the date of issue of work order / LoA.**

3.19 The failure of the Successful Tenderer to comply with the requirements of Clauses 3.17 and 3.18 shall constitute sufficient grounds for the annulment of the award of the Tender

to it and KPL may, at its discretion, thereafter accept the next suitable offer.

**3.20 Offers without prescribed Bidding Documents of KPL**

The condition "Offer sent without having the prescribed bidding document of KPL and/or without complying with the terms and conditions of bidding document for submitting the offer, will be ignored straightway".

**3.21 The works manual October – 2024 and amendment if any of KPL published in KPL website also be referred and become part of tender document.**

**3.22 The KPL's Policy and Procedure for suspension and banning of business dealings against erring and defaulting agency is available in KPL website which also be referred and become part of tender document.**

## **4. SCOPE OF THE WORK**

### **Scope of Work**

The scope of work covered in this tender includes “**Appointment of Technical Consultant for Preparation of Detailed Project Report (DPR) and Project Management Consultancy (PMC) for Augmentation of Existing Water Supply Network at Kamarajar Port Limited on QCBS Basis**” with the following technical / work specifications.

#### **4.1 Scope of Consultancy Work (Preparation of DPR):**

The Technical Consultant shall carry out detailed studies, surveys, investigations, planning and preparation of a **Detailed Project Report (DPR)** for augmentation of the existing water supply network at the Port. The scope shall broadly include, but not be limited to, the following:

##### **4.1.1 Review of Existing System**

- Study and assess the existing water supply infrastructure including intake systems, pumping stations, pipelines, reservoirs, storage tanks and distribution network within the port area.
- Review available drawings, reports, operational data and previous studies related to the water supply system.
- Assess the current capacity, operational efficiency, deficiencies, leakages and bottlenecks in the existing network.

##### **4.1.2 Data Collection and Field Surveys**

- Conduct site visits and physical inspections of the entire water supply network.
- Carry out necessary topographical surveys, route surveys and condition assessment of pipelines.
- Collect data on present water demand, consumption pattern and future expansion plans of the port.
- Identify critical areas facing inadequate supply or pressure issues.

##### **4.1.3 Demand Assessment and Future Projections**

- Estimate current water demand for domestic, industrial, firefighting and operational requirements.
- Forecast future water demand based on port expansion plans, cargo growth and infrastructure development.
- Determine design horizon and peak demand requirements.

##### **4.1.4 System Analysis and Planning**

- Analyze the existing network performance including flow, pressure and losses.
- Identify gaps in capacity and infrastructure.
- Propose technically viable alternatives for augmentation of the water supply network.
- Optimize pipeline routing, pumping requirements, storage facilities and distribution system.

#### **4.1.5 Engineering Design**

- Prepare preliminary and detailed engineering designs for the proposed augmentation work.
- Design pipelines, pumping systems, storage tanks, valves, meters and associated infrastructure.
- Prepare hydraulic design and system layout.

#### **4.1.6 Cost Estimates and Financial Analysis**

- Prepare detailed cost estimates based on current Schedule of Rates/market rates.
- Provide abstract cost estimates and item-wise cost.
- Include operation and maintenance considerations.
- Conduct basic financial analysis if required.

#### **4.1.7 Statutory Requirements**

- Identify statutory approvals, permissions and clearances required from relevant authorities.
- Provide guidance on compliance with applicable standards, codes and regulations.

#### **4.1.8 Tender Documentation**

- Prepare draft tender documents for execution of the proposed works including:
  - Technical specifications
  - Bill of Quantities (BOQ)
  - Drawings
  - Contract conditions

### **4.2 Deliverables and Time Schedule:**

The Consultant shall complete the consultancy services within **4 months from the date of issue of Letter of Award (LOA)**. The deliverables and timelines are as follows:

#### **1. Inception Report**

- Understanding of project
- Methodology and work plan
- Data requirement and survey plan

**Timeline:** Within **0.5months** from the date of LOA.

#### **2. Survey and Assessment Report**

- Details of field surveys and investigations
- Condition assessment of existing infrastructure
- Gap analysis

**Timeline:** Within **1.5months** from the date of LOA.

#### **3. Interim Report / Concept Plan**

- Water demand assessment and projections
- Alternative solutions for augmentation
- Recommended option with justification

**4. Draft Detailed Project Report (DPR)**

The DPR shall include:

- Executive summary
- Existing system analysis
- Design calculations
- Proposed system layout
- Hydraulic analysis
- Detailed drawings
- Cost estimates
- Implementation schedule

**Timeline:** Within **3months** from the date of LOA.

**5. Final DPR**

- Revised DPR incorporating comments from KPL
- Final drawings and design documents

**Timeline:** Within **4months** from the date of LOA.

**6. Tender Documents**

- Technical specifications
- BOQ
- Good for Construction (GFC) drawings
- Bid documents for execution of work

**Timeline:** Within **0.5months after acceptance of Final DPR by KPL.**

**7. Soft and Hard Copies**

- Submission of required number of hard copies of reports and drawings.
- All reports, drawings and documents in editable digital format.

**8. Presentations and Approval of DPR**

The Consultant shall make detailed presentations of the Draft DPR and Final DPR to the Management of Kamarajar Port Limited (KPL), and subsequently to the Board of Directors of KPL or any Committee constituted by KPL, for review and approval of the proposed project.

The Consultant shall be required to attend meetings and make presentations as and when called upon by KPL during the course of the consultancy assignment. The Consultant shall explain the technical proposals, design basis, cost estimates, project benefits and implementation strategy in detail and shall provide all necessary clarifications sought by the Management/Board.

If required by KPL, the Consultant shall revise the DPR and make further presentations until the DPR is accepted/approved by the Competent Authority/Board of Directors of KPL.

All costs towards preparation of presentation materials, participation in meetings, and revisions/modifications to the DPR based on the comments of KPL shall be borne by the Consultant and shall be deemed to be included in the quoted consultancy fee. No additional payment shall be made on this account.

The Consultant shall submit the revised and finalized DPR incorporating all comments and suggestions of KPL within the timeline specified by KPL.

**9. Assistance in Award of Work**

The Consultant shall assist Kamarajar Port Limited (KPL) in the process of tendering and award of work for the project based on the DPR prepared for augmentation of the existing water supply network at the Port. The scope of assistance shall include, but not be limited to, the following:

- Preparation and finalization of tender documents including technical specifications, Bill of Quantities (BOQ), drawings, special conditions of contract and other bid documents required for inviting tenders.
- Providing necessary clarifications and technical inputs during the pre-bid stage, including participation in pre-bid meetings, if required by KPL.
- Assisting KPL in responding to queries raised by prospective bidders and preparation of addenda/clarifications to the tender documents.
- Providing technical support to KPL during the evaluation of bids, including scrutiny of technical proposals submitted by bidders and assisting in preparation of the technical evaluation report.
- Assisting KPL in analysis of financial bids, if required, and providing recommendations for award of work.
- Assisting KPL in preparation of comparative statements, evaluation summaries and other documents required for processing the proposal for approval of the Competent Authority.
- Providing clarifications, justifications and technical inputs required during the approval process till the award of the work.
- Attending meetings with KPL officials, Tender Evaluation Committee and Management, as and when required, in connection with tender evaluation and award of work.

The above services shall form part of the consultancy assignment and no additional payment shall be made for providing assistance in tendering and award of work.

**10. Assistance in Re-Tendering (if required)**

In case the tender is cancelled, discharged or requires re-tendering for any reason, the Consultant shall assist KPL in re-inviting the tender, including revision of tender documents, cost estimates, drawings and specifications, participation in pre-bid meetings and assistance during evaluation of bids.

The Consultant shall provide necessary support **till successful award of the work**. No additional payment shall be made for such assistance and the same shall be deemed to be included in the consultancy fee.

#### 11. **Delay Attributable to KPL**

If any delay occurs in the progress of the consultancy services due to reasons attributable to Kamarajar Port Limited (KPL), such as delay in providing required data/documents, delay in review of submissions, comments, approvals, decisions, or scheduling of meetings/presentations, the same shall not be counted towards the time period stipulated for completion of the consultancy services.

In such cases, the Consultant shall be granted a **reasonable extension of time** for completion of the assignment without any additional cost implications to KPL.

However, the Consultant shall promptly notify KPL in writing about such delays and the likely impact on the project schedule, along with justification and revised timeline for completion of the remaining activities.

#### 12. **Responsibility for Accuracy of DPR and Designs**

The Consultant shall be fully responsible for the accuracy, quality and completeness of the surveys, investigations, designs, drawings, estimates and all other details furnished in the Detailed Project Report (DPR) and tender documents prepared under this consultancy.

The DPR shall be prepared based on proper surveys, field investigations, sound engineering practices and applicable standards. Any deficiency, error, omission or discrepancy noticed in the DPR, designs, drawings, specifications or cost estimates during tendering or execution of the work, which is attributable to the Consultant, shall be corrected by the Consultant **without any additional cost to KPL**.

The Consultant shall provide necessary clarifications, revisions and modifications to the DPR, drawings, designs, specifications and estimates as required by KPL during tendering and execution stages of the project.

The approval or acceptance of the DPR by KPL Management, Board of Directors or any authority shall **not relieve the Consultant of their responsibility** for the correctness and soundness of the designs, estimates and other details furnished.

In case any major modification becomes necessary due to errors or omissions in the DPR attributable to the Consultant, the Consultant shall revise the DPR, drawings and related documents accordingly without any additional financial implication to KPL.

### **4.3 Scope of Work – Project Management Consultancy (PMC):**

After preparation and approval of the Detailed Project Report (DPR) and award of the work, the Consultant shall act as **Project Management Consultant (PMC)** for Kamarajar Port Limited (KPL) for the project “**Augmentation of Existing Water Supply Network at KPL.**”

The PMC shall carry out day-to-day project management, supervision, monitoring and coordination activities **on behalf of KPL**, to ensure successful implementation of the project in accordance with the contract conditions, approved drawings, specifications and applicable standards.

The scope of PMC services shall include, but not be limited to, the following:

#### **1. Overall Project Management**

- Act on behalf of KPL for day-to-day management and monitoring of the project.
- Coordinate between KPL and the Contractor for smooth execution of the project.
- Ensure that the project is implemented as per approved DPR, contract provisions and project schedule.
- Assist KPL in achieving timely completion of the project within the approved cost.

#### **2. Review and Approval of Contractor’s Submissions**

The PMC shall review, examine and provide recommendations to KPL on behalf of KPL for:

- Detailed engineering drawings.
- Method statements and work procedures.
- Construction schedules and work programmes.
- Quality assurance plans.
- Material approvals and vendor documents.

PMC shall ensure that all submissions comply with the approved DPR, technical specifications and relevant standards.

#### **3. Supervision and Monitoring of Works**

- Supervise the works executed by the Contractor at site.
- Ensure compliance with approved drawings, specifications and contract conditions.
- Monitor progress of works and ensure adherence to project schedule.
- Identify delays and recommend corrective actions.
- Ensure that adequate manpower, machinery and resources are deployed by the Contractor.

---

**4. Quality Assurance and Quality Control**

- Ensure that materials and workmanship conform to the contract specifications.
- Review test reports and quality records submitted by the Contractor.
- Witness tests, inspections and field trials wherever required.
- Recommend acceptance or rejection of materials and works based on quality standards.

**5. Measurement and Certification of Bills**

The PMC shall carry out the following responsibilities on behalf of KPL:

- Verify measurements of works executed at site.
- Scrutinize and certify Running Account (RA) bills submitted by the Contractor.
- Verify extra items, deviations and variations.
- Recommend release of payments to KPL based on actual progress of work.

However, final approval and payment shall be made by KPL.

**6. Progress Monitoring and Reporting**

- Monitor physical and financial progress of the project.
- Submit Monthly Progress Reports (MPR) to KPL.
- Highlight critical issues affecting project progress.
- Suggest remedial measures to avoid delays.

**7. Contract Management**

PMC shall assist KPL in contract administration including:

- Monitoring compliance with contract conditions.
- Reviewing claims submitted by the Contractor.
- Examining requests for time extension.
- Evaluating variation proposals and extra items.
- Providing technical recommendations to KPL.

**8. Site Inspections and Meetings**

- Conduct regular site inspections.
- Attend and organize progress review meetings with the Contractor and KPL.
- Record minutes of meetings and follow up on action items.

**9. Safety Monitoring**

- Ensure that the Contractor follows all safety standards and statutory regulations.
- Monitor safety practices at site.
- Report unsafe conditions and recommend corrective measures.

---

**10. Testing, Commissioning and Completion**

- Supervise testing and commissioning of the water supply system.
- Verify that the system meets design parameters and operational requirements.
- Assist KPL during trial runs and commissioning.
- Recommend issuance of completion certificate.

**11. Documentation and Project Closure**

- Verify and approve as-built drawings submitted by the Contractor.
- Ensure submission of operation and maintenance manuals.
- Assist KPL in preparation of project completion report.

**Important Condition:**

The PMC shall perform the above functions **on behalf of KPL**, however:

- PMC shall not have authority to alter the scope of the contract, approve major variations, or issue financial commitments without prior approval of KPL.
- All major decisions shall be subject to approval of the Competent Authority of KPL.

---

## **5. GENERAL CONDITIONS OF CONTRACT**

**5.2.7.1 Undertakings of Contractor:**

The Contractor shall pay all taxes including VAT, cess, duties, fees, levies and other charges excluding GST imposed by law or by any other statutory or legal authority in respect of its contractual obligations that are required to be performed under the Contract. The Contractor shall comply with all applicable statutory requirements under law and shall be liable to compensate KPL for all legal consequences that may be fastened on KPL consequent to any infringement of any of the Contractor's contractual and/or statutory obligations.

**5.2.7.2 Resolution of Disputes**

5.2.7.2.1 Any dispute or difference or claim of any kind whatsoever between KPL and the Contractor arising in connection with or out of this Contract; its execution - whether during the execution of Contract or upon expiry; or whether before/after the determination, abandonment or breach of Contract ("the Dispute") shall in the first instance be amicably resolved through good faith negotiations between the Parties within a period of 30 days from the date of service of notice on the other Party regarding such Dispute.

5.2.7.2.2 In the event of failure of such good faith negotiations, the Dispute shall be referred to the Chairman-cum-Managing Director, KPL for settlement.

5.2.7.2.3 If the said Dispute still remains unresolved for a period of 30 days from the date of such reference, the said Dispute shall be referred for arbitration to an Arbitral Tribunal in accordance with the provisions of the Arbitration and Conciliation Act, 1996 and the Rules framed there under ("the Act"). Any amendment or modification to the Act shall

deem to be incorporated in the Contract and be applicable from the date notified.

5.2.7.2.4 The Arbitral Tribunal shall comprise 3 members. The Parties herein shall each nominate an Arbitrator and the said Arbitrators shall thereupon nominate the Presiding Arbitrator. The Contractor shall, notwithstanding any Dispute between it and KPL or the pendency of any Dispute with the Arbitral Tribunal shall continue to discharge its obligations under the Contract. The pendency of any Dispute or reference to arbitration shall not be a ground or an excuse for its failure to discharge its contractual obligations during the tenure of the Contract

5.2.7.2.5 The venue of the arbitral proceedings shall be Chennai. The courts in Chennai shall have exclusive jurisdiction to decide all Disputes arising out of or under this Contract.

**5.2.7.3 Suspension:**

5.2.7.3.1 Should any of the following events occur and/or continue, KPL may, by a written-notice to the Contractor, suspend either in whole or in part, payments that are to accrue to the Contractor under the Contract:

5.2.7.3.2 A default shall deemed to have occurred on the Contractor's part in the execution of the Contract in the event of the Contractor's failure to perform or if the Contractor commits a breach of the terms contained in the tender.

5.2.7.3.3 Any other situation that has arisen which, in the reasonable opinion of KPL, interferes or threatens to interfere-with the successful execution of the services or achieves the purpose for which this Contract has been executed.

**5.2.8 Termination of the Contract by KPL:**

5.2.8.1 KPL may by a written notice to the Contractor, terminate the Contract if any of the conditions of default should continue for a period of fifteen (15) days after KPL notifying the Contractor in writing of having suspended the payments accruing to the Contractor under the Contract.

5.2.8.2 KPL reserves the right to terminate the Contract for unsatisfactory performance of the Contractor, determined solely at KPL's discretion, at any time after having given 15 days notice in writing.

**5.2.9 Termination Procedure**

5.2.9.1. Upon receipt of notice of termination, the Contractor shall forthwith vacate KPL's premises by handing over vacant possession of the premises, installations and

equipments to KPL's authorized representative in good working order and condition.

5.2.9.2. In the event of any damage to KPL's premises, installations or equipments reasonably assessed by KPL at the time of such termination, the Contractor shall be liable to pay the value of the damages so assessed by KPL. KPL shall also be entitled to deduct the said sum out of any sum accruing to the Contractor under this Agreement.

5.2.10. The Contractor shall be solely responsible for any injury/damage/ loss of any of the Contractor's men or materials and for any damage/accident/injury to its personnel during the execution of works under this Contract. KPL shall not be held responsible for any reason whatsoever for any claims made by any person who is under the employment of the Contractor or whose services has been engaged by the Contractor. The Contractor shall indemnify KPL and keep KPL indemnified against all such injury/damage/loss of Contractor's men and/or materials.

**5.2.11 Accident, Damage or Injury and Reporting:**

5.2.11.1. The Contractor shall be solely responsible for any accident, damage or injury caused to any of its employees or to KPL's employees during the course of execution of the Contractor's obligations under this Contract. KPL shall not be held liable or responsible for any reason whatsoever for any claim made by any person who is either in the employment of the Contractor or whose services have been engaged by the Contractor.

5.2.11.2. The Contractor shall be solely responsible to report to KPL/ Police Department / Competent Authority upon the occurrence of any accident resulting in injury to any person or damage to materials during the course of execution of the Contractor's obligations under this Contract or in areas that are under the effective control of the Contractor during the tenure of this Contract.

5.2.11.3 The Contractor shall, at all times, ensure that all its employees are adequately insured and are fully covered for the risks that would be involved while/for carrying out the works and that the insurance policy shall remain in full force and effect until the expiry of the contract. A copy of the said insurance policy shall be furnished to KPL.

**5.2.11.4 The Contractor shall, at all times, ensure that all its employees are adequately insured and are fully covered for the risks that would be involved while/for carrying out the works and that the insurance policy shall remain in full force**

**and effect until the expiry of the contract. A copy of the said insurance policy shall be furnished to KPL.**

**5.2.12 Regulatory Measures:**

5.2.12.1. The Contractor shall not house any of its employees within KPL's Premises. The Contractor shall not erect any structure even of a temporary nature for any other purpose whatsoever on KPL's premises except on securing the prior written permission of KPL. Even such construction erected after due permission from KPL shall be removed by the Contractor whenever called upon to do so by KPL. The Contractor shall not be liable to be compensated either for the construction or removal of the said superstructure(s).

5.2.12.2. Only vehicles which carry vehicle permits issued by KPL shall be allowed inside KPL's premises.

5.2.12.3. Admission of the Contractor's employees into KPL'S Premises shall be regulated by passes ("Pass"). The Contractor shall notify KPL in writing of the number of persons who would be required for performance of its contractual obligations under this Contract. KPL, on being convinced of the genuineness of the Contractor's request, shall issue Passes to enable the entry of only that many of the Contractor's employees into KPL's Premises. The Contractor shall surrender the Passes within 48 hours on expiry or termination of the Contract, whichever is earlier. Failure of the Contractor to return all the Passes shall entail a penalty of Rs.200 /- per Pass plus such other charges as may be levied by KPL at its discretion. In the event of dismissal of an employee of the Contractor under the terms of this Contract, the Contractor shall forthwith surrender the dismissed employee's pass to KPL. Only on the said dismissed employee being replaced by the Contractor in accordance with this Contract would the Contractor be entitled for a Pass from KPL. Should the Contractor at any point in time feel the need to employ more number of persons in order to effectively discharge its obligations under the terms hereof, KPL shall, at its discretion, issue additional passes on the same terms and conditions.

**5.2.13 Clearance of the premises on completion of the Contract period:**

On the completion of the work the Contractor shall clear away and remove from the site all constructional plant, temporary works, surplus materials and rubbish of every kind
